

**Our Products company** specializes in supplying high-quality water and wastewater equipment and products, tailored to specific technical and operational requirements. An experienced engineering team works closely with the client to define precise specifications and ensure the most suitable product for each application.

All products supplied are sourced from leading international manufacturers primarily from Europe and the USA and are selected for their proven reliability, consistent performance, and compliance with international standards.

## Portable Field Testing Kit

Field analyzers with reagents such as Alkalinity, Nitrogen, Chlorides, Chlorine, Sulphate, Phosphate, COD, etc. pH meter, DO meter, Turbidity meter, Vibration meter, Temp. meter, etc.

HACH, LaMotte, Hefer, Knlck, ThermoFisher

## Laboratory Equipment

General lab equipment & Disposables products, lab. indicators, etc.

mrc Laboratory, El-Hamma, Hen-Shmuel, Giorgio-Bormac

Desktop meters (pH, TDS, Oxygen, etc.), Pumps (Peristaltic, Vacuum, etc.), Scales (All types), Spectrophotometers, Lab. Centrifugs, Stirrer, Pipettors, etc.

## Media Bed

Gravel, Quartz Sand, Anthracite, GAC (Granular Activated Carbon), AFM (Activated Filter Media), Greensand, Resin (Cationic, Anionic, etc.).

Shoshani & Weinstein, Inversand Company, Jacobi

## UV Units

UV disinfection units provide an effective and environmentally friendly, chemical-free solution for drinking water, wastewater reuse, and industrial disinfection applications.

Atlantium

## Waste Water Utilities

Bar Screen  
Rotary Screen

SERECO, TORO

Thickening equipments:  
Decanter centrifuge  
Belt thickener  
Filter press

Alfa laval, Klein, Amcon, SERECO, ATB

Screw Conveyors

TORO, Nijhuis  
Saur Industries  
Invent, Mapal

DAF Unit

Biological carriers, Mixer & Aerators, Diffusers

## Process Pumps

Submersible, Centrifugal, Vertical, High Pressure, etc.

Grundfos, Xylen, Goulds, Calpeda, Victor, KSB, Danfoss

## Dosing Pumps

Batch dosing, Logic dosing, Complete dosing skids assemblies

Grundfos, IWAKI, Prominent

## Valves

Ball, Butterfly, Gate, Needle (Manual, Pneumatic, Flow control, Motorize), Solonoid Valve, Check valves (All types), etc.

Air Release Valve, Pressure Relief Valve, Y-Strainer, Hydraulic Control Valve, etc.

Bray, Watt, Dorot, FIP

Aquestia (ARI, Dorot), Bermad, Oval

## Pipes & Fittings

Pipes & Fittings for fluids (such as Tee, Elbows, etc.). MOC: Plastic (PVC, HDPE, PP, PVDF, etc.), Metal (SST-304/316/904/SMO/Duplex/SD/Galvanize, etc.)

FIP, SIMONA, Plassim, Plason, Ningbo, Tefen

## Metal

Beams, Flat, Profile, Black/Galvanized Steel Grating, Black/Galvanized Catwalk, FRP Catwalk, Black/Galvanized Steel Stair Treads

ISKOOR

## Tanks

Big scale tanks (GI Tanks with varied liners, FRP (GI Tanks with varied liners, FRP ,GFT)

Evenproduct

PE Tanks (Water, Chemicals Storage, Septage Tanks, Static Oil Separators)

Hofit

## Process Monitoring Analyzers

Online Analyzers (pH, ORP, Chlorine, Turbidity, Conductivity, DO, etc.)

ABB, HACH, E&H, Bran+Luebbe, Siemens

Special Online Analyzers (Ammonia, phosphate, TN, TP, Hardness, SDI, etc.)

## Flow Measurement

Electromagnetic Flow Transmitters

ABB, HACH, E&H, Bran+Luebbe, Siemens

Water Meter

Madey Vered

## Instruments (Local & Transmitted)

Pressure Transmitter, Pressure Gauge, Flow Switch, Level Switch, Temperature Measurement, Vibration, etc.

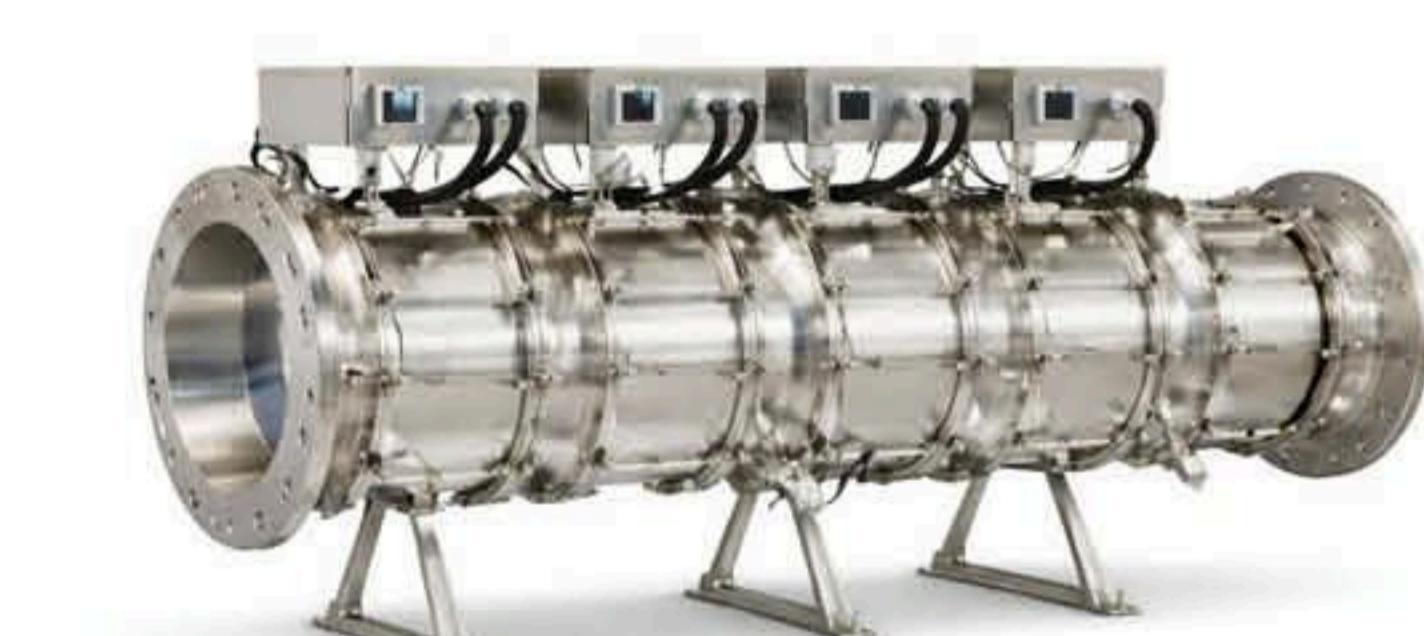

Baumer, BD Sensor GmbH, WIKA

## Pressure Filters

Low Filters, High Filters, Tailor-made filters (C.S., FRP, etc.)

STF, Amiad

## Screen/Disc Filters

Manual/Hydraulic/Electrical screen filters, Disc Filters, Hydrocyclones

STF, Amiad, Arkal, Filtersafe

## Utilities

Blowers, Compressors, Air dryer, Air Filters, Compressed Air Tank Collector

Kaeser, Atlas-Copco, FPZ, Madan Technologies, Assuline Compressors

## Air System

Solenoids, tubes, Fittings

Baccara, Festo  
Tefen, MDC

## Special Dosing Pump

Water driven pumps & Electric Pump - Dosing pumps for medication for livestock, car wash, fertilizing and pest control for crops and plants

Tefen

## Solids Preparation Unit

The unit is designed for efficient preparation of solutions from granular or powder chemicals. The system consists of two tanks, 1200 lit. each, a preparation tank and a matured solution tank. The unit is equipped with all required components to enable a fully automatic process.

WMP, Grundfos

## Special Items

UF modules, RO membranes, Energy Recovery Device (ERD), Electro De-Ionization (EDI)

DOW Filmtec,  
LG CHEM,  
GE,  
Hydranautics,  
ERI, Memstar

## Motor Operation

VFD, Soft Starter

ABB, Siemens,  
Solcon

## Hardware

PLC, I/O Cards

ABB, Siemens,  
Schnider

**Main Office:**

1st Floor, Open-Valley  
Compound  
12 Horesh Ha'alonim St.
